

Anjish Bhondwe

Product Owner & Senior Risk Data Journey Expert · Credit Risk

anjish.bhondwe@gmail.com · +32 489 858 959 · linkedin.com/in/anjish · anjishbhondwe.com

Belgium resident (returning from India). Legally authorized to work in Belgium. No work permit required.

Professional Summary

I combine **Product Owner and Senior Risk Data Journey work** in regulated banking. Since November 2024 at **iostring** I built the **delivery enablement practice and Agile Center of Excellence** and lead squads on **investment banking credit risk** delivery. I own and prioritise **product backlogs**, partner with **Risk, Data Management and IT**, and turn regulatory priorities into clear delivery plans. My domain depth is the **credit risk data landscape (PD, EAD, LGD, CCR, CVA, RWA and LLP)**, built over six years at **HSBC, Credit Suisse and Standard Bank** and four years at **KBC** on **Basel IV and AnaCredit calculation engines** for **NBB and ECB** reporting. I design **data flows and tooling**, support **data platform programmes**, and act as contact for **audit and regulatory stakeholders**.

Core Skills

Product Owner: Credit risk engine delivery · Product backlog ownership and prioritisation · Agile squad leadership · Sprint Planning · Risk, Data Management and IT stakeholder alignment · Internal and external auditor engagement · Scrum · SAFe · CSPO · SAFe PMPO · SAFe SSM

Credit risk data journey: PD, EAD, LGD · Credit risk engines · CCR · CVA · RWA · LLP · Capital calculations · Credit risk models and processes · Collateral and margin · OTC and exchange-traded derivatives

Data and regulatory: Oracle Database · SAS Enterprise Guide · Data flows and tooling · Data platform and lake-style regulatory programmes · Data lineage · Source-to-target mapping · Reconciliation · Data governance · Basel IV · Basel Pillar 3 · BCBS 239 · AnaCredit · Belgian NBB reporting

Experience

Director for Agile Delivery Excellence

November 2024 to present

iostring Technology and Consulting, India

Regulated financial services and investment banking credit risk programmes · India operation lead since Sep 2025

- Built the **delivery enablement practice and Agile Center of Excellence** from scratch: Scrum and SAFe ways of working, governance foundations and coach-the-coach paths for product, engineering and risk-facing teams.
- Lead and coach **product owners and agile squads** on **credit risk engine** enhancements, regulatory reporting, backlog prioritisation and delivery with **Risk, Data Management, IT and audit** stakeholders.
- Run **intake and capacity** end to end: capture demand, clarify scope, prioritise work across squads and keep delivery balanced against regulatory deadlines and available capacity.
- Track delivery health, dependencies and flow metrics; report to leadership at SteerCo-style reviews. Act as **escalation point** when squads are blocked between risk, data and engineering.
- Since Sep 2025, lead the India operation: people management, performance, hiring, skills development and outsourcing partners.

Delivery Lead

September 2021 to October 2024

KBC Bank and Verzekering, Brussels and Leuven

Liquidity Reporting and regulatory calculation engines; federated delivery across Belgium, Hungary, Czech Republic and Bulgaria.

- Owned and prioritised the **Basel IV and AnaCredit calculation engine backlog** against mandatory **NBB and ECB** deadlines; kept **RWA**, capital reporting and **LLP-related** regulatory windows on track.
- Led agile squads with product owners and scrum masters; turned business and regulatory priorities into delivery plans across multiple concurrent programmes.
- Partnered with **Risk, Data Management and IT** on **data quality, lineage, reconciliation and data flows**; supported **cloud and data platform** initiatives alongside GDPR and DevOps change.
- Bridge between credit risk, data teams and engineering squads; escalation point for audit-facing and SteerCo reporting on engine delivery health.

Experience (continued)

Product owner and manager, Carbon Zero

October 2020 to September 2021

UST Global for Uplight, India

- Owned and prioritised the **product backlog**, roadmap and release plan for a data product on Google Cloud; ran sprint planning with technical and non-technical stakeholders.

Lead Business Analyst, Counterparty Credit Risk

October 2019 to October 2020

Credit Suisse, India

Integrated Risk Management context: Counterparty Credit Risk data team, credit risk engines and post-Brexit regulatory change.

- Led agile delivery for the **Counterparty Credit Risk data team**; aligned **Risk, Data Management and IT** on engine and reporting change through post-Brexit transition.
- Owned data quality and reconciliation in **post-trade credit risk data flows** (securities, CDS, **RWAs**, trade settlement and lifecycle); end-to-end **data lineage and governance**.
- Maintained MI dashboard suite for **credit risk model and process** decisions across complex portfolios; delivered regulatory reporting for EU and UK frameworks.

Senior technical business analyst

2016 to October 2018

HSBC and Credit Suisse, India

Credit risk and market risk: OTC and exchange-traded derivatives, swaps, bonds, equities and securities; credit risk engine and capital calculation data.

- Deep work in the **credit risk data landscape** on **Oracle Database** and **SAS Enterprise Guide: PD, EAD, LGD-related parameters, CCR and CVA** across product portfolios; end-to-end lineage, governance and reconciliation for **capital calculations**.
- Wrote BRDs and FRDs for **credit risk engines** in UK (PRA), US (Fed/SEC) and Switzerland (FINMA); logical data models and system design from requirements through IT implementation.
- Worked with Regulatory Managers on **Basel Pillar 3** disclosure validation; optimised **RWA** and reduced capital penalisation risk; aligned reporting with **BCBS 239**.
- Designed **data flows and tooling** specs for collateral, margin and **T+2 settlement** data; contributed to digitalisation of risk processes and data architecture between risk and engineering squads.

Systems engineer to business analyst

2013 to 2016

Standard Bank of South Africa via Nihilent Technologies, India

Regulated banking: credit and market risk systems, financial data architecture and regulatory reporting pipelines.

- Built and supported **risk systems and regulatory reporting pipelines** on **Oracle Database** for Standard Bank and Nedbank; used **SAS Enterprise Guide** for credit and market risk reporting and analysis; turned risk and business needs into specs on **data integrity, lineage and reconciliation**.

Certifications

- CSPO (Certified Scrum Product Owner)
- SAFe PMPO (Product Owner / Product Manager)
- SAFe SSM (Scrum Master)
- ICAgile ICP-ACC and ICP-ENT
- AIGP (Artificial Intelligence Governance Professional)
- IAPP member, GDPR Practices and AI Governance

Education

- MBA, Information Technology, RGIMT, 2019 to 2021
- B.E. Information Technology, Savitribai Phule Pune University, 2009 to 2013
- Design Thinking and Digital Transformation, IBMI Berlin, 2021
- AI Regulation and the EU AI Act, KU Leuven, Dec 2025 to Jan 2026
