Euroclear, Group Business Solutions, EB settlement tribe

Re: Squad Lead, Delivery Enablement (job 9320)

Dear Euroclear Hiring Team,

I am applying for the Squad Lead, Delivery Enablement role in the EB settlement tribe.

I want to work for a financial group that specialises in the settlement, clearing and safekeeping of domestic and international securities. This role sits close to the delivery work I have been doing, including four years as Delivery Lead at KBC in Brussels.

At KBC I led a unit with squads and trains spread across four EU countries. Tribe leadership needed a clear delivery picture for SteerCo, and when something blocked the teams I was the person who got pulled in to unblock it.

Outside the EU I worked at Credit Suisse and HSBC in investment banking, on securities, derivatives and regulatory reporting. It was a different seat in the market, but the same regulated world Euroclear operates in, and it gave me the domain context I would bring into this tribe.

I have friends at Euroclear in Finance, Data and Public Communication, and that has helped me understand the culture of the organisation.

I am in India at the moment and will be returning to Belgium. I can start from October, I do not need a work permit, and I work in English with working Dutch.

Yours sincerely,

Anjish Bhondwe
