Professional Summary

Senior Scrum Master and Agile CoE Lead for Artificial Intelligence and regulated banking tribes. I raise agile maturity by implementing Scrum and sprint-based ways of working, facilitating Daily Stand-ups, Sprint Planning, Sprint Reviews and Retrospectives, and coaching teams toward self-organization and continuous improvement. I support Product Owners on backlog management, monitor capacity, velocity and sprint progress, remove impediments, and protect teams from distraction. I work in fluent English with local and offshore partners, build trust and collaboration across stakeholders, and keep risk and issue management visible to leadership. Recent work: at iostring I lead AI development squads and the India offshore operation; at KBC I coached multi-country squads on transfer of activities so local teams could stay on change.
