Euroclear, Group Business Solutions, EB settlement tribe

Re: Squad Lead, Delivery Enablement (job 9320)

Dear Euroclear Hiring Team,

I am applying for the Squad Lead, Delivery Enablement role in the EB settlement tribe.

I have close friends at Euroclear in Finance, Data and Public Communication. They speak about the work with a seriousness I recognise from my own years in banking. Settlement, reliable data and delivery under pressure matter here, and that is what draws me to Euroclear. I spent four years at KBC in Brussels. I know the city, and I know regulated financial markets from the banking side.

Why me: I lead delivery in that same world. Units with multiple squads and trains across countries, governance and SteerCo reporting, escalation when delivery stalls, and programmes that still meet their regulatory windows. My domain depth is securities, derivatives and regulatory reporting from investment banking. The CV has the detail. I am not repeating it here.

I can start from October in Brussels. I do not need a work permit, and I work in English with working Dutch.

I would welcome a conversation.

Yours sincerely,

Anjish Bhondwe
