Agile Transformation Coach · AWOW / EITS · Brussels (ProUnity K10122)

Re: Consultancy assignment 22 Oct 2026 to 31 Oct 2027 · Hybrid

Dear Hiring Team,

I am applying for the Agile Transformation Coach assignment because the six deliverables match the work I do best: maturity assessment, transformation roadmap, operating model and agile governance, KPIs that leaders can use, coaching the Coaching Team, and challenging IT management on agile leadership. I want to help make AWOW and EITS change stick, not add another framework deck.

At KBC in Brussels and Leuven I assessed and raised Agile maturity across multi-country squads and trains, coached the delivery vertical, and put SteerCo packs in front of management with clear risks, capacity and next decisions. At iosting, as Director of Agile Delivery & Transformation, I wrote transformation roadmaps and a target operating model, coached ways of working, and focused on knowledge transfer so teams stay autonomous. I am constructively critical: I challenge ceremony that does not improve flow, quality or decision speed.

I hold a Belgian residence A card. With a permit transfer I can start the Brussels hybrid assignment. I work in English with working Dutch and basic French. I would welcome a conversation about how I can deliver the assessment, roadmap and coaching outcomes this mission needs.

Yours sincerely,

Anjish Bhondwe
