Professional Summary

Agile Transformation Coach with 13 years in complex IT settings. I assess ways of working and maturity, translate digital strategy into a prioritised transformation roadmap, and help design operating models and agile governance that management can actually run. I define KPIs and success criteria for flow, delivery and quality, coach Agile Coaching teams toward autonomy, and challenge IT leadership to move from control patterns to transparency and continuous improvement. At KBC I led multi-country EMEA Agile delivery, coached the delivery vertical, and owned SteerCo-ready delivery health. At iosttring I lead Agile delivery and transformation: roadmaps, target operating model, coaching and knowledge transfer. Certified ICAgile Coach (ICP-ACC / ICP-ENT), SAFe SSM and CSPO.

- Run intake, capacity and priority calls; challenge ceremony-heavy patterns and keep change pragmatic and results-oriented.
