Professional Summary

Senior Scrum Master with 13 years in regulated banking and technology, including **six years facilitating Scrum** for cross-functional project teams across analysis, development and testing. I set up and facilitate **Daily Stand-up, Sprint Planning, Sprint Review and Retrospective**, support the **Product Owner** on the **Product Backlog**, and help teams deliver against the **Definition of Done** and **Sprint Backlog**. At **KBC** in Brussels I ran **Scrum** for data, platform and **AI-backed** squads with **offshore partners in India**, balancing **run and change** and **lifecycle management** transfer so local teams could focus on the target vision. Since November 2024 at **iostring** I built an **Agile Center of Excellence** and lead the **India operation**, including **outsourcing partner** coordination and activity transfer. Certified **SAFe Scrum Master** and **AIGP**; expert in **Scrum, Kanban** and **servant leadership**. Hands-on with **Jira, automated unit testing, automated functional testing** and **continuous integration** tooling in engineering squads.

Experience

Director, Agile Center of Excellence · Senior Scrum Master

November 2024 to present

iostring Technology and Consulting · Belgium and India

Regulated financial services · India operation lead since September 2025

- Built the **Agile Center of Excellence** and a **community of practice** for scrum masters, product owners and chapter leads: shared ways of working, coach-the-coach paths and harmonised **Scrum** and **Kanban** practice.
- Lead the **India operation** and work with **offshore partners in India** on **transfer of activities**: scope run and **lifecycle management** work to outsourcing partners so local squads can focus on change and the target vision.
- Facilitate **Scrum ceremonies** (Daily Stand-up, Sprint Planning, Sprint Review, Retrospective) and track **team capacity and velocity metrics** for planning and progress reporting.
- Support product owners on **Product Backlog** refinement, prioritisation and sprint readiness; assist teams on **Definition of Done** and **Sprint Backlog** delivery.
- Coach squads toward **self-organization**, remove barriers to team effectiveness, protect teams from internal and external distractions, and report **Scrum methodology** deployment to leadership.
- Manage **risk and issue management** across dependencies, capacity and offshore handover; escalate early with clear mitigations.

Senior Scrum Master · Agile Program Lead

September 2021 to October 2024

KBC Bank and Verzekering · Brussels and Leuven, Belgium

Cross-functional squads across Belgium, Hungary, Czech Republic, Bulgaria and India (remote-first, hybrid)

- Key **Scrum Master** reference for cross-functional project teams (analysis, development, testing, data science, DevOps): set up and facilitated all **Scrum ceremonies** and kept the team aligned to the **Scrum methodology**.
- Led a 50+ member onshore-offshore organisation with **offshore partners in India**; balanced **run and change** by transferring **run and lifecycle management** activities offshore so local squads could deliver the target vision.
- Supported product owners on the **Product Backlog**; tracked **team capacity and velocity metrics**, sprint progress and delivery health for tribe and SteerCo reporting.
- Coached teams through **Definition of Done, Sprint Backlog** commitments and gradual **self-organization**; removed impediments and protected squads from outside distractions.
- Stayed hands-on with engineering tooling: **Jira** for agile reporting and follow-up, **automated unit testing, automated functional testing** and **continuous integration** in platform and DevOps squads.
- Coached the squad that delivered Kate Coin, an **AI-backed** digital bank coin under ECB constraints; applied **risk and issue management** on a regulated, high-visibility programme.

Product Owner · Scrum facilitation

October 2020 to September 2021

Experience (continued)

Lead Agile Business Analyst · Scrum support

October 2019 to October 2020

Credit Suisse · India

- Supported agile delivery for a credit-risk data squad: removed impediments, tracked issues and risks, and kept cross-functional stakeholders aligned through post-Brexit regulatory change.
- Used **Jira** and MI dashboards for progress follow-up and data-driven decisions across complex portfolios.

Business Analyst · Solution Architect

2018 to 2019

Sunlife Insurance via ITC Infotech India

- Cross-functional delivery for Customer 360 digital transformation: requirements, development, testing and release in an agile project team.

Systems Engineer to Senior Agile Business Analyst

2016 to October 2018

HSBC and Credit Suisse · India

- Grew into agile team leadership on regulated investment banking programmes; worked with engineering squads on **software development methodology** and delivery follow-up.

Systems Engineer to Business Analyst

2013 to 2016

Standard Bank of South Africa via Nihilent Technologies · India and South Africa

- Delivery and business analysis on regulated banking programmes with Nihilent as offshore partner; bridge between business units and engineering on data and risk systems.
