Belgium resident (returning from India). Legally authorized to work in Belgium. No work permit required.

Professional Summary

Product Owner and credit risk data specialist with 13 years in investment banking risk, regulatory reporting and agile delivery. Six years in the **credit risk and market risk domain at HSBC, Credit Suisse and Standard Bank: CCR, EAD, CVA, RWA**, collateral and margin, OTC and exchange-traded derivatives, and Basel and BCBS 239 reporting. I wrote BRDs and FRDs for risk engines, owned **data lineage, reconciliation and source-to-target mapping**, and acted as bridge between risk teams and engineering squads. At KBC in Brussels I owned the **Basel IV and AnaCredit calculation engine backlog** for **NBB and ECB** reporting. At iostriing I work closely with **investment banking** clients on credit risk and regulatory delivery.

Core Skills

Credit and market risk: Credit risk engines · CCR · EAD · CVA · RWA · LLP · PD and LGD · Collateral and margin · OTC and exchange-traded derivatives · Swaps, bonds, equities, securities · Post-trade data

Product ownership: Product backlog · Prioritisation · Sprint Planning · Risk, Business and IT collaboration · Auditor engagement · Agile, Scrum and SAFe

Regulatory and data: Basel IV · Basel Pillar 3 · BCBS 239 · AnaCredit · **Data lineage** · **Source-to-target mapping** · Reconciliation · Data governance · Regulatory reporting pipelines

Experience

Senior technical business analyst

2016 to October 2018

HSBC and Credit Suisse, India

Investment banking: **credit risk and market risk** across OTC and exchange-traded derivatives, swaps, bonds, equities and securities; post-trade architecture and settlement data.

- End-to-end **data lineage, governance and reconciliation** across product portfolios for risk management and **capital calculations**.
- Wrote BRDs and FRDs for **CCR, EAD and CVA** in UK (PRA), US (Fed/SEC) and Switzerland (FINMA); built logical data models, schemas and system design from requirements to IT implementation.
- Worked with Regulatory Managers on **Basel Pillar 3** disclosure validation and delivery; optimised **RWA** and reduced capital penalisation risk.
- Collateral management and margin workflows: specifications for real-time asset valuation and margin calling to mitigate credit exposure.
- **T+2 trade settlements**: data quality, source-to-target mapping and reconciliation for lifecycle management; aligned downstream reporting with **BCBS 239** as bridge between risk teams and engineering squads.

Lead Business Analyst, Counterparty Credit Risk

October 2019 to October 2020

Credit Suisse, India

Investment banking: Counterparty Credit Risk data team; post-trade data quality and settlement lifecycle; post-Brexit regulatory change.

- Led agile delivery for the **Counterparty Credit Risk data team** through post-Brexit regulatory transition; aligned risk, data and IT stakeholders.
- Lead BA for data quality and reconciliation in **post-trade flows** (securities, CDS, **RWAs**, trade settlement and lifecycle management); end-to-end **data lineage and governance**.
- Maintained MI dashboard suite for **data-driven credit risk decisions** across complex credit portfolios.
- Delivered regulatory reporting solutions for post-Brexit EU and UK compliance frameworks; guided tech implementation from requirements to release.

Systems engineer to business analyst

2013 to 2016

Standard Bank of South Africa via Nihilent Technologies, India

Regulated banking in South Africa: financial data architecture, credit and market risk systems, regulatory reporting pipelines.

- Progressive role from systems engineer to business analyst on **risk systems and regulatory reporting pipelines** for Standard Bank and Nedbank programmes.
- Turned business and risk needs into technical specifications between business units and engineering on **data integrity, lineage and reconciliation**.

Experience (continued)

Delivery Lead

September 2021 to October 2024

KBC Bank and Verzekering, Brussels and Leuven

Liquidity Reporting unit: regulatory calculation engines and risk data across Belgium, Hungary, Czech Republic and Bulgaria.

- Owned the **Basel IV and AnaCredit calculation engine backlog** against mandatory **NBB and ECB** reporting deadlines; kept **RWA** and regulatory windows on track.
- Led agile delivery with product owners, scrum masters, risk and data teams: sprint planning, SteerCo reporting, dependency management and escalation.
- Worked with risk, data management and IT on **data quality, lineage and reconciliation** for regulatory reporting programmes.

Director for Agile Delivery Excellence

November 2024 to present

iostring Technology and Consulting, India

- Work closely with clients in the **investment banking domain** on credit risk, regulatory reporting and agile squad delivery.
- Coach product owners and scrum masters on backlog quality, regulatory change delivery and stakeholder communication with risk and audit audiences.

Product owner and manager, Carbon Zero

October 2020 to September 2021

UST Global for Uplight, India

- Owned the product backlog, roadmap and release plan for a data product on Google Cloud.

Certifications

- CSPO (Certified Scrum Product Owner)
- SAFe PMPO (Product Owner / Product Manager)
- SAFe SSM (Scrum Master)
- ICAgile ICP-ACC and ICP-ENT
- AIGP (Artificial Intelligence Governance Professional)
- IAPP member, GDPR Practices and AI Governance

Education

- MBA, Information Technology, RGIMT, 2019 to 2021
- B.E. Information Technology, Savitribai Phule Pune University, 2009 to 2013
- Design Thinking and Digital Transformation, IBMI Berlin, 2021
- AI Regulation and the EU AI Act, KU Leuven, Dec 2025 to Jan 2026
