SUMMARY

Delivery and program manager with 13 years in regulated banking and technology, across KBC, Credit Suisse, HSBC and Standard Bank. Work covers data governance, risk and platform programmes in matrixed settings across up to five countries. I set clear standards, remove blockers, help teams own their work, make hard calls when needed, and use AI tools in delivery. Led the delivery team for KBC's Kate Coin, a digital bank coin built under ECB constraints.

CORE SKILLS

Delivery: Program & delivery management · Enterprise Agile (SAFe, Scrum, Lean) · SDLC governance · Delivery metrics & flow · Risk & dependency management · PI planning

Domain: Regulated banking & risk delivery · Data governance & Collibra · Metadata & catalogue · Product ownership · GCP / AWS delivery contexts · AI governance (EU AI Act, AIGP)

Leadership & ways of working: Multiplier / enabling leadership · Leading without formal authority · Executive & C-level stakeholder management · Decisive on difficult calls · Cross-functional facilitation (Product, Delivery, Customer Success) · Client-facing · Fast domain ramp-up · AI-supported delivery

EXPERIENCE

Founding Director & Director, Agile Center of Excellence

November 2024 – Present

iostring Technology and Consulting · India (leading India operations since Sep 2025)

- Founded and run the Agile Center of Excellence across Business Operations, Product Management and IT Engineering.
- Own the transformation backlog against measurable outcomes: cycle time, lead time, flow and dependency health.
- Coach leaders and delivery teams to own their outcomes through playbooks and communities of practice.

Agile Program Lead & Enterprise Agile Coach

Sep 2021 – Oct 2024

KBC Bank and Verzekering · Brussels & Leuven, Belgium

- Led delivery across data engineering, data science, platform, DevOps and product squads in a five-country matrix.
- Led the delivery team for Kate Coin, a digital bank coin built under ECB constraints (KBC newsroom / Finextra, 2022).
- Ran data governance and catalogue delivery with Collibra for regulated banking programmes, connecting stewardship, metadata and delivery teams.
- Built the delivery metrics used in SteerCo and senior reviews for Liquidity Reporting and related portfolios; escalated risks before they hit outcomes.
- Cleared blockers between risk, business and technology, and held squads to one delivery plan across time zones.

Product Owner & Manager

Oct 2020 – Sep 2021

UST Global (Uplight Inc.) · India

- Owned Carbon Zero on GCP end to end: vision, roadmap, release decisions and go-to-market for a multi-country sustainability product.
- Agreed capacity and investment trade-offs directly with the Product Director and VP Engineering.

Lead Agile Business Analyst & Coach

Oct 2019 – Oct 2020

Credit Suisse · India

- Steered Counterparty Credit Risk data delivery through post-Brexit change; kept MI and audit artefacts decision-ready for senior risk leaders (2,500+ in scope).
- Aligned business, risk and technology on data definitions and ownership with Collibra.

Business Analyst / Solution Architect

2018 – 2019

Sunlife Insurance via ITC Infotech India

- Gathered business requirements and created SOPs for the insurance domain to drive Customer 360 digital transformation.
- Owned end-to-end delivery onsite: requirements, development, implementation and release.

Systems Engineer to Senior Agile Business Analyst

2016 – Oct 2018

HSBC · Credit Suisse · India

- Grew into delivery analysis on regulated investment banking programmes across HSBC and Credit Suisse.

Systems Engineer to Business Analyst

2013 – 2016

Standard Bank of South Africa via Nihilent Technologies · India / South Africa

- Worked for Standard Bank of South Africa via Nihilent Technologies as their trusted consulting partner, from systems engineering into delivery and business analysis on regulated banking programmes.
