Re: Senior Project Manager (Program Manager), Cloud & AI

Dear CloudNation Hiring Team,

I am applying for the Senior Project Manager role.

Banking

- 13 years across major global banks: KBC, Credit Suisse, HSBC and Standard Bank of South Africa.
- Three years leading programs at KBC in Brussels and Leuven across a five-country setup.
- Data governance and catalogue delivery with Colibra for regulated banking programmes.
- Led the delivery team for Kate Coin, a digital bank coin built under ECB constraints.
- GDPR implementation for KBC Corporate and Retail Banking.

Leadership

- Led delivery across data, platform, DevOps and product teams in a matrixed, multi-country setting.
- Built SteerCo metrics, managed risks, dependencies and escalations up to senior leadership.
- Credible with C-level stakeholders and with the teams on the ground.
- Since November 2024, founding director at iosttring. Built an Agile Center of Excellence. Leading the India operation since September 2025.
- Four years based in Belgium. I know the Benelux market and its stakeholders.

Domain fit for cloud and AI programs

- Delivered on AWS and Google Cloud: risk data, Customer 360 at Sunlife Insurance, sustainability product on GCP.
- AI governance: AIGP, IAPP member for GDPR Practices and AI Governance, EU AI Act at TU Delft, AI Regulation and Law at KU Leuven.
- Use AI tools in delivery. Push Responsible AI, compliance and quality into execution.
- I have not worked on Azure CAF or MLOps at the level this role describes.

Happy to talk it through.

Yours sincerely,

Anjish Bhondwe
