Keystone Solutions

Re: Agile Coach Consultant (client mission, Brussels)

Dear Keystone Solutions Team,

I am applying for the Agile Coach Consultant role for your client in Brussels.

Banking

- 13 years across major global banks: KBC, Credit Suisse, HSBC and Standard Bank of South Africa.
- Four years coaching and leading delivery at KBC in Brussels and Leuven, across a five-country setup.
- Coached the team that delivered Kate Coin under ECB constraints.
- Investment banking domain at Credit Suisse and HSBC: securities, derivatives, counterparty credit risk and market risk regulatory reporting.

Leadership

- Coach squads, chapters and senior leaders: scrum masters, product owners and chapter leads.
- Run squad, tribe and guild ceremonies. Lead training and change work that embeds agile ways of working.
- Owned delivery metrics used in SteerCo reviews at KBC.
- Coach without relying on formal authority. Make the unpopular call when it protects delivery.
- Since November 2024, built an Agile Center of Excellence at iostring with coach-the-coach paths and communities of practice.
- ICAgile ICP-ACC and ICP-ENT, SAFe SSM and PMPO, CSPO. IAPP member for GDPR Practices and AI Governance.

Domain fit for this mission

- Agile transformation and cultural embedding in complex, regulated organisations.
- Target operating model work, change management and practical coaching at every level.
- Most of my coaching has been in banking and business operations. I have not coached a Marketing and Communication department specifically.

Available from October. No work permit for Belgium. Comfortable with 50% on-site and 50% home in Brussels. English and working Dutch.

Happy to talk it through.

Yours sincerely,

Anjish Bhondwe
