LinkedIn: [linkedin.com/in/poojaawasare](https://www.linkedin.com/in/poojaawasare)

Location: Pune, India

Languages: English (C1); German (B1); Dutch (A1/A2)

Education

HTW Dresden, Germany

2018–2022 · Final grade 2,8

Master of Engineering (M.Eng), Environmental Engineering · 120 ECTS

- Relevant modules: Construction Materials (B663); Geotechnical Project (B634); Water, Air and Soil Analysis (B626) with laboratory practicals; Soil Management (L910); Water and Wastewater Treatment (B625); Solid Waste Management and Recycling (B635); Railway Engineering (B672); Hydrology & Hydrometry (B621); Remote Sensing (G982, grade 1,0).
- Master's thesis (B680, grade 2,5): *Agile Project Management in the Construction Industry* – collaboration, risk management and resource efficiency in construction.

Savitribai Phule Pune University, India

2014–2017 · 65.26%

Bachelor of Engineering (B.E), Civil Engineering

MSBTE, India

2010–2014 · 68.11%

Diploma, Civil Engineering

Maharashtra State Board (MSBSHSE), India

2010 · 82.55%

10th Standard (Secondary School Certificate)

Materials & laboratory testing

- **India (Diploma & B.E. Civil):** laboratory courses on concrete, aggregates/sand, steel, soil and water, including slump (IS 1199); concrete cube compressive strength (IS 516); aggregate and sand sieve analysis (IS 2386 / IS 383); cement tests (IS 4031); steel tensile and bend tests (IS 1608 / IS 1786); Proctor compaction and Atterberg limits / grain-size analysis (IS 2720 Parts 4, 5, 7/8); water tests for construction and environmental labs (IS 3025 / IS 456 where applicable).
- **Germany (HTW Dresden):** Construction Materials (B663); Geotechnical Project (B634); Water, Air and Soil Analysis (B626) laboratory practicals; Soil Management; Water and Wastewater Treatment; Solid Waste Management and Recycling.

Professional experience

Career Break · Belgium & India

Jun'24 – Present

- Planned career break for parenting newborns, with relocation from Belgium to India.
- Kept learning on construction materials, circular construction, soil/water topics and GIS (Google Earth Engine), preparing for doctoral research in materials and structures.

Civil & Environmental Project Consultant, iosttring, Belgium

Aug'23 – Jun'24

- Worked with a construction partner on bringing circular practices into day-to-day project delivery.
- Supported civil project planning understanding for the engineering team and designed workflows for waste management and circular-economy processes.

Trainee, Fraunhofer Institute, Dresden, Germany

Oct'19

- Planned a green business model for biogas-to-biowax demand; assessed EU sustainability policy, financials and transformation tools.

Technical skills

Materials / civil

- Concrete, steel, soil and aggregate laboratory testing (IS practice)
- Construction materials & geotechnical project work (HTW)
- AutoCAD; basic structural / materials coursework

Environmental / geospatial

- Water, air and soil analysis; wastewater treatment concepts
- QGIS, ArcGIS, ERDAS Imagine, Google Earth Engine
- Remote sensing; Excel; research reporting

Certifications

- Professional Scrum with Kanban (PSK I) · Scrum.org
- Google Earth Engine for Machine Learning & Change Detection
- Construction Management: Planning and Scheduling · Primavera P6 · Excel Essential Training

Areas of interest

- Characterisation and mechanical behaviour of construction materials
- Mechanics-driven design of high-performance and sustainable materials and structures
- Geotechnical and soil-related testing; construction waste and material reuse

- Life-cycle and environmental aspects of civil materials and infrastructure
