

Anjish Bhondwe

Squad Master / Product Owner · Digital Banking

freelanceanjish@gmail.com · +32 489 858 959 · linkedin.com/in/anjish · anjishbhondwe.com

Belgium resident (returning from India). Legally authorized to work in Belgium. No work permit required.

Professional Summary

Product Owner and squad leader with 13 years in banking and technology, including **six years in product ownership, customer journey and squad leadership** roles. I built my foundation in **regulated tier-1 banking at HSBC and Credit Suisse**, delivering change in complex banking environments before moving into squad and product leadership in Belgium. I manage **backlogs and agile ceremonies**, balance **customer value, risk and commercial goals**, and coach teams to improve. At KBC in Brussels I worked on **retail and corporate banking change**, owned backlog delivery for **Basel IV and AnaCredit reporting to NBB and ECB**, coached the Kate Coin squad (digital bank coin under ECB constraints), and led **GDPR for Corporate and Retail Banking**. As Product Owner at Uplight I owned roadmap and release end to end; at Sunlife I delivered **Customer 360 digital transformation**.

Core Skills

Product and squad: Product backlog · Feature intake · Sprint Planning · Daily Stand-up · Retrospectives · Stakeholder alignment · QBR · Squad coaching · Removing impediments

Digital banking: Customer journey · Digital banking · Retail banking · Mobile-led delivery · Customer and employee experience · Data-driven prioritisation

Banking and delivery: Regulated banking · Risk appetite · GDPR · Agile and Scrum · SAFe · Cross-functional leadership · Analytical decisions

Experience

Director for Agile Delivery Excellence

November 2024 to present

iostring Technology and Consulting, India

Coaching product owners and squads for regulated financial services clients

- Coach **product owners and scrum masters** on **backlog quality, feature intake**, ceremonies and **stakeholder communication**.
- Run **Sprint Planning**, stand-ups and review rhythms with squads; track flow and dependencies and help teams remove blockers.
- Support squad members to grow through coach-the-coach paths and practical agile coaching.

Delivery Lead

September 2021 to October 2024

KBC Bank and Verzekering, Brussels and Leuven

Squad leadership in retail and corporate banking change programmes, Belgium and federated EU setup.

- Worked daily with **product owners and scrum masters** on **backlog prioritisation, feature intake**, sprint planning and **stakeholder updates** for tribe leadership.
- Coached the squad that delivered **Kate Coin**, a digital bank coin built under ECB constraints: customer-facing digital banking product with strict **risk and regulatory** boundaries.
- Delivered **GDPR implementation for Corporate and Retail Banking**; balanced customer impact, operational change and compliance.
- Supported Customer Journey Experts-style teams on validation, risk approval and smooth rollout of banking process changes.
- Removed impediments between business, risk and technology; coached squad members and coordinated **onshore-offshore partners**.

Product owner and manager, Carbon Zero

October 2020 to September 2021

UST Global for Uplight, India

- Owned the **product backlog**, roadmap and release plan for a customer-facing data product on Google Cloud.
- Ran **Sprint Planning**, stand-ups and stakeholder reviews; prioritised features on **customer value** and commercial goals with the product director and VP of engineering.

Experience (continued)

Business analyst and solution architect

2018 to 2019

Sunlife Insurance via ITC Infotech India

- **Customer 360 digital transformation:** requirements, customer journey mapping, SOPs and end-to-end onsite delivery through release.

Lead Business Analyst

October 2019 to October 2020

Credit Suisse, India

- Regulated banking programme: requirements, stakeholder alignment and delivery of data quality change under post-Brexit rules.

Systems engineer to senior business analyst

2013 to October 2018

HSBC, Credit Suisse and Standard Bank via Nihilent Technologies, India

- Banking programmes at tier-1 institutions: analysis, specifications and delivery support in regulated environments.
