Professional Summary

Professional leader and Product / Agile SME with 14 years in banking and digital delivery. I manage squads end to end: Agile ways of working, project management from roadmap to execution, stakeholder alignment and delivery outcomes. I use customer and delivery data, insights and KPIs to prioritise experiments, challenge assumptions and steer conversion, satisfaction and growth. Certified CSPO (Scrum), SAFe SSM and SAFe PMPO, with AIGP (AI Governance Professional) in progress and KU Leuven study on AI regulation. At KBC I led multi-country EMEA squads and trains with Product, UX-adjacent journey work, Risk, data and compliance stakeholders. As Product Owner at Uplight I owned roadmap and release outcomes. As Director of Agile Delivery & Transformation at iosttring I lead squad coaching, roadmap ownership and measurable delivery impact.

Core Skills

- Squad Master / Product Owner leadership of multidisciplinary Agile squads
- Agile methodologies: Scrum, SAFe, backlog, sprint commitments and continuous improvement
- Project management: roadmap ownership, planning, dependencies, risks and outcomes
- Customer journey and onboarding experience evolution with Customer Journey Experts and UX partners
- Data and insights for decision making: KPIs, conversion, success rates, behavioural analytics inputs
- Acquisition and activation journeys: Member Gets Member, Bank Switch style referral and switch processes, friction removal and growth experiments
- Stakeholder orchestration across Mobile, UX, Customer Data, KYC, Fraud & Cybersecurity, Risk and delivery
- Regulatory and risk-aware delivery in banking (GDPR, compliance windows, secure customer processes)

Experience

Director of Agile Delivery & Transformation

November 2024 to present

iostring Technology and Consulting, India

Squad coaching · Agile & project management · roadmap and operating model

- Lead Agile methodologies and project management across product, engineering and business: intake, capacity, roadmap and delivery outcomes.
- Coach squads on Scrum and SAFe practice and turn strategic objectives into clear actions, commitments and measurable results.
- Use delivery health data and insights to support decisions, surface risks and prioritise improvements.
- Since September 2025 I have combined primary family care with this Director mandate.

Interim SAFe Delivery Lead / RTE

October 2024 to June 2025

Colruyt Group · XTRA (via iosttring), Belgium

- Managed ART-level Agile delivery: PI planning, dependency coordination and leadership reporting on progress and risk.
- Translated business priorities into a prioritised backlog and clear definition of done across squads.

Delivery Lead · Squad leadership (EMEA)

September 2021 to October 2024

KBC Bank and Verzekering, Brussels and Leuven

Managed multi-country Agile squads and trains across Belgium, Hungary, Czech Republic and Bulgaria. Day to day with Product Lead peers, Customer Journey / business partners, engineering, Risk, data and compliance.

- Owned squad roadmap and execution excellence: Agile facilitation, commitments, outcomes and continuous improvement of digital delivery journeys.
- Monitored delivery and quality KPIs; used data and insights to prioritise work, challenge assumptions and brief SteerCo on conversion-relevant risks and capacity.

Experience (continued)

Delivery Lead · Squad leadership (EMEA)

September 2021 to October 2024

KBC Bank and Verzekering, Brussels and Leuven (continued)

- Removed obstacles through dependency management, stakeholder alignment and timely decisions across Risk, data and delivery domains.
- Orchestrated change with local and international stakeholders on regulated programmes (liquidity reporting, Kate Coin under ECB constraints, GDPR) where secure customer and bank processes mattered.
- Balanced customer value, business impact, risk, regulatory requirements and delivery feasibility when sequencing the backlog.
- Led people coaching inside the delivery vertical so squads stayed delivery-oriented and accountable for outcomes.

Product Owner and Manager, Carbon Zero

October 2020 to September 2021

UST Global for Uplight, India (US, Canada and India)

- Product Owner of a multi-country digital product: owned roadmap, backlog and release plan with the product director and VP of engineering.
- Used outcome and delivery signals to prioritise features and keep Customer Journey / engineering partners aligned on conversion-style goals.

Lead Business Analyst, Risk Data

October 2019 to October 2020

Credit Suisse, India

- Turned banking requirements into delivery-ready backlog with engineering under Risk and data governance constraints.

Business Analyst / Product Owner

June 2018 to September 2019

HealthRFID, Geelong, Australia

- Shaped end-to-end process journeys with stakeholders and engineering; used operational feedback to cut friction in regulated workflows.

Senior Technical Business Analyst to Systems Engineer

2013 to 2018

HSBC, Credit Suisse and Standard Bank (via Nihilent), India

- Built banking domain depth and delivery craft behind later Product Owner and Squad Master leadership.

Education

- MBA, Information Technology, RGIMT, 2019 to 2021
- B.E. Information Technology, Savitribai Phule Pune University, 2009 to 2013
- Design Thinking and Digital Transformation, IBMI Berlin, 2021
- AI Regulation and the EU AI Act, KU Leuven, Dec 2025 to Jan 2026
