ING Belgium · Digital / Private Individuals

Re: Squad Master / Product Owner · Private Individuals Onboarding (DBCF)

Dear ING Hiring Team,

I am applying for Squad Master of the Private Individuals Onboarding squad. I am a professional leader with 14 years in banking and digital delivery. I manage Agile squads, own roadmaps with Product partners, and use data and insights to drive conversion-style outcomes, clear friction and keep stakeholders moving. My certifications sit on the same line as the work: CSPO (Scrum), SAFe SSM and SAFe PMPO, with AIGP (AI Governance) in progress.

At KBC in Brussels and Leuven I led multi-country EMEA squads. I steered the roadmap from strategy to execution, facilitated Agile ways of working, removed dependencies and risks, and brought KPI packs to leadership so decisions rested on evidence. I worked across Product, journey partners, Risk, data and compliance on secure customer and bank processes. As Product Owner at Uplight I owned roadmap and release outcomes for a multi-country digital product. At iosting, as Director of Agile Delivery & Transformation, I still coach squads and turn ambitions into measurable delivery.

I hold a Belgian residence A card. With a permit transfer I can start. I work in English with working Dutch and basic French. I would welcome a conversation about how I would lead Private Individuals Onboarding, Member Gets Member and Bank Switch journeys with your Customer Journey Experts.

Yours sincerely,

Anjish Bhondwe
