

POOJA AWASARE

15 Aug 1994

Email: poojaawasare@outlook.com

Phone (BE): +32 489 858 959 · Phone (IN): +91 90968 90003

LinkedIn: [linkedin.com/in/poojaawasare](https://www.linkedin.com/in/poojaawasare)

Location: Pune, India

Languages: English (C1); German (B1); Dutch (A1/A2)

Education

2018–2022	HTW Dresden (Hochschule für Technik und Wirtschaft), Germany Master of Engineering (M.Eng), Environmental Engineering	2.8
2014–2017	Savitribai Phule Pune University, India Bachelor of Engineering (B.E), Civil Engineering	65.26%
2010–2014	Maharashtra State Board of Technical Education (MSBTE), India Diploma, Civil Engineering	68.11%
2010	Maharashtra State Board (MSBSHSE), India 10th Standard (Secondary School Certificate)	82.55%

Materials & laboratory testing

- **India (Diploma & B.E. Civil):** concrete, aggregates/sand, steel, soil and water labs, including slump (IS 1199); cube compressive strength (IS 516); aggregate and sand sieve analysis (IS 2386 / IS 383); cement tests (IS 4031); steel tensile and bend tests (IS 1608 / IS 1786); Proctor compaction and Atterberg limits / grain-size analysis (IS 2720 Parts 4, 5, 7/8); water tests for construction and environmental labs (IS 3025 / IS 456 where applicable).
- **Germany (HTW Dresden):** Construction Materials (B663); Geotechnical Project (B634); Water, Air and Soil Analysis (B626) laboratory practicals; Soil Management; Water and Wastewater Treatment; Solid Waste Management and Recycling.

Professional Experience

Jun'24 – Present	Career Break · Belgium & India • Planned career break for parenting newborns, spanning relocation from Belgium to India. Alongside family responsibilities, kept learning on construction materials, circular construction, soil/water topics and GIS (Google Earth Engine), preparing for doctoral research in materials and structures.
Aug'23 – Jun'24	Civil & Environmental Project Consultant, Iostring, Belgium • Worked with a construction partner on bringing circular practices into day-to-day project delivery. • Supported civil project planning understanding for the engineering team and designed workflows for waste management and circular-economy processes.

Master's Thesis

Aug'21 – Sep'21	Agile Project Management in the Construction Industry <i>HTW Dresden, Germany · Master of Engineering (Environmental Engineering) · grade 2.5</i> • Explored how Agile can improve collaboration, continuous risk management, adaptive decision-making and resource efficiency in construction projects. • Focused on careful use of resources and construction delivery practice; linked project organisation to environmental and materials-related outcomes.
-----------------	---

Training

Oct'19	Trainee, Fraunhofer Institute, Dresden, Germany • Planned a green business model for biogas-to-biowax demand; assessed EU sustainability policy, financials and transformation tools.
--------	--

Technical Skills

Materials / civil	Concrete, steel, soil and aggregate laboratory testing (IS practice); construction materials & geotechnical project work (HTW); AutoCAD
Environmental	Water, air and soil analysis; wastewater treatment concepts; solid waste and recycling
Geospatial / GIS	Google Earth Engine, QGIS, ArcGIS, ERDAS Imagine; remote sensing
Project & Agile	Primavera P6; Scrum, Kanban (PSK I); Excel; research reporting

Certifications

- Professional Scrum with Kanban (PSK I) · Scrum.org
- Google Earth Engine for Machine Learning & Change Detection
- Construction Management: Planning and Scheduling
- Primavera P6
- Excel Essential Training (Office 365 / Microsoft 365)

Publications

“Design and Analysis of Building by AKSES and Manual Method.”

Areas of Interest

- Characterisation and mechanical behaviour of construction materials
- Mechanics-driven design of high-performance and sustainable materials and structures
- Geotechnical and soil-related testing; construction waste and material reuse
- Life-cycle and environmental aspects of civil materials and infrastructure
