ING Belgium

Re: Product Owner & Senior Risk Data Journey Expert, Credit Infrastructure

Dear ING Hiring Team,

I am applying for the Product Owner & Senior Risk Data Journey Expert role in Credit Infrastructure. I am highly motivated to bring my banking experience from Credit Suisse, HSBC, Standard Bank and KBC to ING, and I am ready to lead the squad and the credit risk data work this role asks for.

I have 13 years in regulated banking. I lead agile squads, own product backlogs, and work with Risk, Data Management and IT on credit risk engine delivery. My CV covers the detail. What matters here is that I want this role and I am prepared to take ownership of it.

I am a Belgium resident and will return from India shortly. I do not need a work permit. I would welcome an interview at your convenience. I would like to meet you in person, explain my experience directly, and show you that I can lead this team.

Yours sincerely,

Anjish Bhondwe
