## Professional Summary

Professional leader and Agile SME with 14 years in complex IT organisations. I run maturity assessments, write transformation roadmaps, shape target operating models and agile governance, and put KPIs in place that IT management can read and act on. I coach Agile Coaching teams and sit with leaders when priorities, decision rights and delivery pressure collide. Four years at KBC across Belgium and EMEA gave me live experience with multi-country squads, portfolio pressure and SteerCo conversations. As Director of Agile Delivery & Transformation at iost ring I own the transformation roadmap, operating model work and coaching practice. ICAgile ICP-ACC / ICP-ENT, SAFe SSM, CSPO.
